SKILLS

Techincal Skills

- C
- C++
- Java
- MS Excel
- Data Visualization

Soft Skills

- Problem Solving
- Teamwork
- Leadership
- Time management

EXTRACURRICULAR ACTIVITIES

- Participated in multiple inter-college events and hackathons, showcasing problem-solving and teamwork skills.
- Actively engaged in technology-focused events, including coding challenges, data visualization workshops, and seminars on emerging tech trends.

LANGUAGE

English   : Fluent

Tamil   : Intermediate

Malayalam : Native

PROFESSIONAL PROFILE

Enthusiastic Computer Science student specializing in programming and data management. Proficient in C, C++, Java, and data structures, with a knack for data visualization and database systems. Driven to develop practical solutions to real-world challenges by leveraging technical and analytical skills. Adept at collaborating in team environments and continuously learning to enhance problem-solving capabilities.

EDUCATION

Bachelors in Computer Science with Data Analytics

Bharathiar University (2023-2026)

- Specializing in Data Analytics and programming
- Expected Graduation: 2026

Higher Secondary Education (Class 12)

GHSS, Peruvallur, Kerala (2021-2023)

- Focus on Mathematics, Computer Science, and Physics.
- Achieved 93% in higher secondary education

CERTIFICATIONS

- Data Analytics and Visualization Job Simulation by Accenture
- TCS iON Career Edge - Young Professional
- Deep Learning for NLP: Introduction by Infosys Springboard
